Personal record.

Name: Martin Eden
Email: m3den@hotmail.com
ORCiD: 0000-0002-1542-2527
Webpage: https://research.manchester.ac.uk/en/persons/martin.eden

Education

2023 to 2024	The University of Manchester, PG Cert in Higher Education
2015 to 2019	The University of Manchester, PhD Medicine
2012 to 2014	University of Birmingham, MSc in Health Economics and Health Policy
2003 to 2005	Salford University, MRes Health & Social Care
1992 to 1995	University of Luton, BA Humanities
1990 to 1992	St John Rigby College, A-levels (French, Art, English)

Qualifications

2025	Post Graduate Certificate in Higher Education
2020	Doctor of Philosophy in Medicine (Health Economics)
2015	Master of Science in Health Economics and Health Policy: Merit
2005	Masters in Research in Health and Social Care
1995	Bachelor of Arts in Humanities (Hons): 2.ii

Present Appointment

Jan 20 to present	Research Fellow in Health Economics and National Institute for Health and Care Research (NIHR) Research Design/Support Service Adviser, Manchester Centre for Health Economics, The University of Manchester

Previous Appointments Held

Oct 18 to Jan 20	Research Fellow in Health Economics, Manchester Centre for Health Economics, The University of Manchester
Oct 15 to Oct 18	NIHR Doctoral Research Fellow, Manchester Centre for Health Economics, The University of Manchester
Jan 12 to Sep 15	Research Associate/Fellow in Health Economics, Manchester Centre for Health Economics, The University of Manchester
Sep 09 to Dec 11	Research Assistant, National Primary Care Research and Development Centre, The University of Manchester
Aug 04 to Sep 09	Research Associate, School of Pharmacy, The University of Manchester
Mar 04 to Aug 04	Research Governance Coordinator, Manchester Mental Health and Social Care Trust
Oct 02 to Mar 04	Research Assistant, Salford Primary Care Trust
Jan 02 to Oct 02	Clinical Audit Officer, South Manchester Primary Care Trust & South Manchester University Hospitals Trust
Sep 00 to Dec 01	Flu project / Disease Register Worker, Manchester Health Authority & North Manchester Primary Care Trust
Jan 00 to Sep 00	Call centre worker, Cable & Wireless, Wythenshawe
Jan 98 to Dec 99	Production planner, APW fabrication Ltd., Warrington
Dec 95 to Dec 97	Warehouse worker / sales, Dixons Stores Group, St Helens

Visiting Appointment

Jul 19 to Aug 19	Visiting Scientist, QIMR Berghofer Medical Research Institute, Brisbane

Research.

Highlights

I am a health economist and mixed methods researcher with advanced qualitative skills and Master-level training in health behaviour change.

- Published in high quality journals including *Genetics in Medicine*, *British Medical Journal* and *The Lancet*.
- I have an *h*-index of 15, cited >1000 times, (Scopus)
- Secured £1.4 million in grant income as a co-applicant and >£260K as principal investigator
- I won a highly competitive NIHR Doctoral Research Fellowship.
- Invited to work as Visiting Scientist at QIMR Medical Research Institute
- Recognised contribution to internationally important work in two impact case studies
- Nine invited overseas presentations
- Selected as podium presenter at our discipline's leading international conference
- Named as expert in outcomes research for Genomics England
- Health economist for an EU Funded Consortium
- Active collaborations across Australia and North America
- Over 40% of my co-authored papers include an international collaboration.

1.Publications/outputs

Peer Reviewed Academic Papers

1. **Eden M**, Wainright E, Higgerson J, Madan I, Payne K, Whittaker W, Verstappen S. Understanding decision-making in large organisations around implementing workplace initiatives to mitigate the impact of musculoskeletal diseases: a qualitative study. Work: A Journal of Prevention, Assessment and Rehabilitation (in press)
2. Hainsworth R, Collins L. **Eden M**, Green AC, Lorigan P, Salisbury A, Rogers G, Payne K. A method for estimating resource-use and costs when empirical data are unavailable: expert elicitation study using the example of melanoma. *MDM Policy and Practice* 2026 (in press)
3. Board T, Wylde V, Divecha H, Gornall M, Jackson R, Coffey T, **Eden M**, Dalal G, Davies A, Hickey H, Spickett H, Taylor T, Wilson M, Powell R. Hybrid versus cemented implants for total hip replacement: A randomised feasibility study with embedded qualitative research. BMC Musculoskeletal Disorders 2026 (in press)
4. Hainsworth R, **Eden M**, Ghosh J, Hansrani V, Rogers S, McCollum, Rogers G, Payne K. Detection and coil embolisation of pelvic venous incompetence for chronic pain in the female pelvis: a development-phase economic analysis. Research Funding

I have secured £1,657,098 funding in total including >£265k as PI and £1.4m as Co-I.

Start /end date	Role	Project title	Funder	Amount
May 2026 to April 2027	Co-I and Lead Health Economist	Domestic Violence, Family Court–Related Harms, and Safety Pathways for Women	The University of Manchester, UK and Manipal Academy of Higher Education, India Joint Research Seed Fund 2026	£5000
May 2026 to June 2026	PI / Lead Health Economist	Feasibility cost-effectiveness analysis of RADBONE	The Christie	£2081
December 2025 to January 2028	Co-I and Lead Health Economist	Relational approach to working with young people who self-harm (RELATE-YP): A Feasibility Trial	NIHR RfPB	£299,919
May 2024 to June 2026	Co-I and Lead Health Economist	Evidencing the need for routine sensory motor assessment and support for autistic adults and identifying appropriate intervention pathways	NIHR RfPB	£152,486 .
October 2021 to April 2022	Co-I	Better understanding of the costs and outcomes of melanoma management to assess the impact of melanoma prevention programmes: an expert elicitation study	Melanoma Focus	£16,450

May 2018 to March 2024	Co-I and Lead Health Economist (	Randomised Controlled Trial of Job Retention Vocational Rehabilitation for Employed People with Inflammatory Arthritis: The WORKWELL Trial	Arthritis Research UK	£651,585
April 2019 to April 2021	Co-I and lead Health Economist	Feasibility Study for Comparative Trial of Hybrid or Cemented Implants for Total Hip Replacement: HipHoP (Hip Arthroplasty with Hybrid or Cemented Implants).	NIHR RfPB	£272,285
May 2019	Student	To attend Society of Medical Decision Making 41st Annual North American Meeting, Portland, USA	The University of Manchester, International Conference Fund	£500
October 2015 to October 2018	PI	Evaluating the economic benefits of complex interventions: accounting for non-health effects.	NIHR Doctoral Research Fellow	£261353
September 2012 to June 2015	MSc Student	Part payment of MSc fees	The University of Manchester, STDU	£2520.

Prizes

1. The University of Manchester, Faculty of Biology Medicine and Health, Outstanding Contribution to Patient and Public Involvement & Engagement (Highly Commended) 2024: *Davies, Alan, Davies Ang, Dowding D, Gasteiger N, Khan N, Vercell A, Ali SM, **Eden M**: 'Gene', an app to improve genetics literacy co-designed with the British Pakistani community*

2. Royal College of General Practitioners (RCGP) Research Paper of the Year 2013 (Category winner -Health Service Delivery and Public Health):*Kennedy A, Bower P, Reeves D, Blakeman T, Bowen R, Chew-Graham C, **Eden M,** Fullwood C, Gaffney H, Gardner C, Lee V, Morris R, Protheroe J, Richardson G, Sanders C, Swallow A, Thompson D, Rogers A. (2013). Implementation of self-management support for long-term conditions in routine primary care settings: A cluster randomised controlled trial. British Medical Journal 346:f2882*

3. Prize plenary award winner - 39th Annual Scientific Meeting for the Society for Academic Primary Care 2010:*Rodgers, S, Avery, AJ, Cantrill, J, Armstrong, S, **Eden M,** Kendrick, D, Sheikh, A. Assessing the effectiveness of an IT-based pharmacist-led intervention aimed at reducing proportions of patients at risk of medication errors in family practice: the PINCER Trial.*

Influence on professional practice or on policy

Health and work

Evidence submitted (https://committees.parliament.uk/writtenevidence/124982/pdf/) by Professor Suzan Verstappen, Dr Martin Eden, Dr William Whittaker, and Dr Hamied Haroon cited in a Lords Public Services Committee inquiry report on *Think Work First: The transition from education to work for young disabled people*. October 2024.

Patient safety

.

- I am acknowledged as a main researcher in a University of Manchester impact case study:

  Reducing prescribing errors and improving patient safety in primary and secondary health care. Impact Case Study, The University of Manchester. Noyce P, Ashcroft D, Tully M, Lewis P, Cantrill J, Morris C, Eden M, Dornan T. https://research.manchester.ac.uk/en/impacts/reducing-prescribing-errors-and-improving-patient-safety-in-prima 2014

Skin cancer

- My economic model and qualitative evidence synthesis formed the basis of a Manchester Cancer Research Centre impact case study (2022):

  The Case for Banning Sunbeds: cost-effectiveness analysis of a policy-based intervention to reduce melanoma and other skin cancers associated with indoor tanning, Impact Case Study, Manchester Cancer Research Centre. Eden M, Gordon L, Green AC, Lorigan P, Payne K, Epton T, Rhodes L, Marais R, Hainsworth R https://www.mcrc.manchester.ac.uk/impact-case-studies/the-case-for-banning-sunbeds/
